

Calpol Policy

In accordance with Brighton and Hove's recommendations we are a 'non- Calpol' nursery. This means that we will not administer Calpol to a child unless the child has a prescription from the doctor or in individual extreme circumstances which are discussed with the parents, (for example, in the case of a child fitting regularly and needing to keep their temperature down).

If you have administered Calpol to your child, they should not attend Wise Owls on that day. This is because Calpol can mask the effects of illness which could then be passed on to other children.

If a child becomes ill at Wise Owls we will immediately call the parents/carers and ask them to come and collect their child. We will try and make the child as comfortable as we can until they are collected.

Wise Owls is happy to administer homeopathic remedies such as teething gels or powders.
